Since the method of Selection for Internal Auditors will be on the basis of Quality-cum-cost Based Selection (QCBS), the technical proposals will be allotted a weightage of 70% (Seventy percent) while the financial proposals will be allotted a weight age of 30% (Thirty percent) in order to arrive at a composite score which means maximum 70 marks (100 x 70%) of the technical proposal can be considered to arrive at a composite score.

***TRIFED reserves all rights in case of tie situation or any other situation occurring during whole bidding process.**

Methodology For Bid Evaluation, Scoring and Selection

1. Selection Methodology

The selection of the Internal Auditor shall be carried out on the basis of Quality-cum-Cost Based Selection (QCBS) method. Under this method:

- i. Technical Proposal shall carry a weightage of 70% (Seventy Percent).
- ii. Financial Proposal shall carry a weightage of 30% (Thirty Percent).

Only those bidders who secure the minimum qualifying marks in the technical evaluation shall be considered for financial evaluation.

2. Technical Score

The technical proposals submitted by the participating bidders shall be evaluated by the Evaluation Committee in accordance with the Technical Evaluation Matrix provided in Annexure-E. The Technical Score (T) shall represent the marks awarded to each participating bidder by the Evaluation Committee during technical evaluation, as updated on the GeM portal after completion of the technical evaluation process.

For the purpose of final ranking under the QCBS methodology, the technical scores shall be normalized as per the standard evaluation methodology followed on the GeM portal. The Normalized Technical Score (NT) shall be calculated using the following formula:

$$NT = \frac{T}{T_{max}} \times 100$$

Where:

NT = Normalized Technical Score

T = Technical marks obtained by the participating bidder (as updated on the GeM portal after technical evaluation)

T_{max} = Highest technical marks obtained among all participating bidders

3. Financial Score

Financial proposals of the technically qualified participating bidders shall be opened on the GeM portal. The participating bidder quoting the lowest financial price shall be assigned a Normalized Financial Score of 100, and the financial scores of other participating bidders shall be calculated inversely proportional to their quoted prices.

The **Normalized Financial Score (NF)** shall be calculated as follows:

$$NF = \frac{F_{min}}{F} \times 100$$

Where:

NF = Normalized Financial Score

F = Financial quote of the participating bidder

F_{min} = Lowest financial quote among all participating bidders

4. Calculation of Total Normalized Score

For the purpose of final ranking of participating bidders, the Total Normalized Score (TS) shall be calculated by applying the prescribed weightage to the normalized technical and financial scores.

The formula shall be as follows:

$$TS=(NT\times 0.70)+(NF\times 0.30)$$

Where:

TS = Total Normalized Score

NT = Normalized Technical Score

NF = Normalized Financial Score

The above normalization methodology is applied in accordance with the standard evaluation methodology adopted on the GeM portal for QCBS-based procurement.

5. Final Ranking of Participating Bidders

The participating bidders shall be ranked based on their Total Normalized Score (TS). The participating bidder obtaining the highest Total Normalized Score shall be ranked H-1, followed by bidders ranked H-2, H-3, and so on. The bidder ranked H-1 shall normally be considered for award of the assignment, subject to fulfilment of all bid conditions and approval of the Competent Authority.

6. Tie-Breaking Criteria

In the event that two or more bidders obtain the same combined score, the bidder securing higher technical marks shall be ranked higher.

7. Determination of Most Advantageous Bid

The bidder securing the highest Total Normalized Score (TS) shall be considered as the Most Advantageous Bidder (H-1) and shall be recommended for award of the contract, subject to approval of the Competent Authority.

8. Final Authority

TRIFED reserves the right to accept or reject any bid, or to annul the bidding process at any stage without assigning any reason, in accordance with applicable procurement rules. In case of any unforeseen situation during the evaluation process, the decision of TRIFED shall be final and binding on all bidders.
